

# 24/7 REACTIVE & ROUTINE MAINTENANCE

Westcost Construction & Demolition have the capacity to provide building services ranging from 24/7 call centre response for faults, breakdowns and emergency call outs.

We are accustomed to working in areas that require compliance with detailed regulations, such as Defence, Police, Corrections, Education and other government buildings.

## Routine faults and maintenance

In the event that works are urgent, we can mobilize immediately utilising our own Priority Management System - 1, 2 and 3. Being centrally located in West Perth, Westcoast C & D are able to be in attendance on site within 1 to 2 hours of the initial call.

Our versatility and commitment to delivering the required outcome, gives our clients the confidence to put their trust in us no matter how great the challenge.

## OUR TEAM

All team members are fully trained as per the requirements received from the Construction/Building Industry.

Our core group of subcontractors contribute to the ongoing success of our business, with their complete understanding of Westcoast C & D's Policies and Procedures. All subcontractors have mandatory Insurance, WH & S, Quality of Workmanship and Service.

Every Westcoast C & D employee and subcontractor hold a White Card, EWP Ticket, First Aid Certificate and have been inducted into our Safety Management System along with Working with Children and Police Clearances.
