

# COMMERCIAL DESIGN & CONSTRUCTION

Westcoast Construction & Demolition (WCCD) are the building partner of choice for many of Perth's State and Government Departments, as well as a range of well known national and international brands.

Our experience and ability to undertake all aspects of construction range from initiation and design right through to the completion of project, without compromising on quality or safety.

## Minor works and maintenance

At WCCD, we are not limited in the range of services available to prospective clients and are capable of undertaking;

- Drafting Services
- Drafting & Auto CAD Services
- Contract Documentation
- Asset Management Planning
- Budgets
- Cost Estimating
- Project Management
- Building Supervision
- Project Construction
- Building Extensions
- Refurbishments
- Upgrades & Extensions

We have historically demonstrated our ability to meet our clients expectations in terms of cost, time and quality for the projects we undertake. Our company's documented policies and procedures define our commitment to continuous improvement.

Westcoast Construction & Demolition hold a current Builders Registration (12953) and Electrical Contractor License (13070), and are fully insured according to the requirements of the WA Department of Treasury and Finance.
