

COMMERCIAL AIR CONDITIONING & REFRIGERATION

Heating and cooling equipment are valuable assets for any business. Recognising this, we work with you to ensure that your equipment is professionally installed and routinely serviced to provide optimal performance and longevity.

Commercial A/C & Refrigeration

Westcoast Construction & Demolition (WCCD) is now a total solution provider for your commercial air conditioning and refrigeration systems. We install and routinely service most manufacturer's brands of both refrigeration and air conditioning equipment for commercial and industrial use.

We are fully licensed, accredited, insured, and completely focused on providing the most efficient and cost effective cooling/heating or refrigeration solution for all commercial and industrial organisations.

Whether you require a split system air conditioner to just one office, ducted air conditioning system to your workplace or commercial complex, cool room, repair/service call for your commercial refrigeration, or a complete safety inspection on your existing systems, WCCD are here to help you.

With decades of experience, WCCD are the best choice for the most complete support and service of your assets.
